

TYLER CARRIGAN

Animator/ Illustrator

PERSONAL STATEMENT

A creative and enthusiastic 2D animator who has graduated from Edinburgh College of Art with a First Class Bachelor of Arts degree in animation. Possessing a strong visual style and an ability to adapt quickly as well as efficiently to project requirements and tasks. My prior experience working at GoodPractice and Disney Research Edinburgh has given me a greater understanding of what it is like to work both in a professional setting and with others as part of a creative team. I always strive to not only produce the work I do with professionalism and dedication, but also to a high standard. Something of which I hope to bring to your company.
